

# RECTANGULAR VENT MAT CONNECTOR

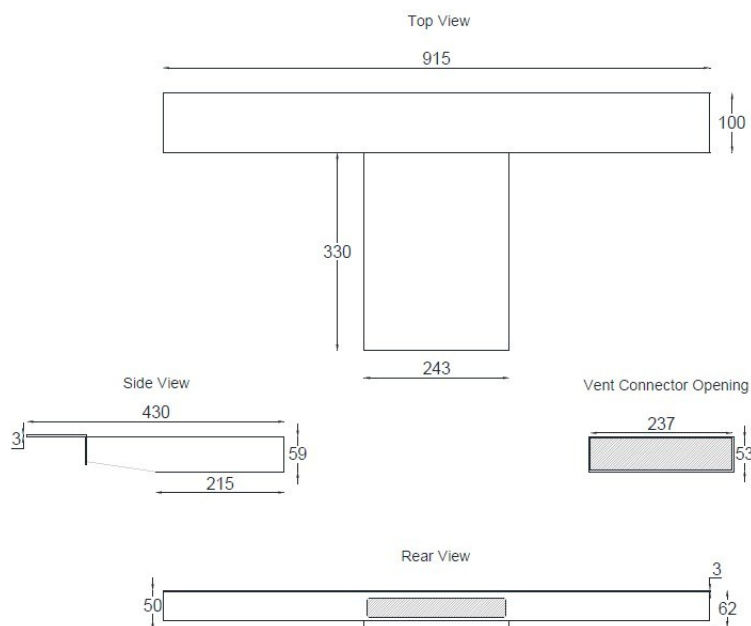

<b>Material:</b>	<b>3mm HDPE</b>
<b>Colour:</b>	<b>Black</b>
<b>Width:</b>	<b>915mm</b>
<b>Length:</b>	<b>430mm</b>
<b>Depth:</b>	<b>59mm</b>
<b>Connector Opening:</b>	<b>237mm x 53mm</b>

The Rectangular Vent Mat Connector allows a direct connection from the Gas Vent Mat to compatible Periscope Vents (see vent opening sizes below). For use in situations where an Air Brick will be the final method of gas dispersal.

Units suitable for blanket of strip application.

Horizontal Extension Sleeves can be used to span larger distances between Gas Vent Mat Connector and Periscope Vent

Due to the manufacturing process, there may be minor variations from the dimensions stated.

Information contained within this technical datasheet is for guidance only. Correct Installation guidance & specification should be sought from the specifier, ground engineers or the structural engineers to ensure the unit is suitable for the intended location.
